ITALIAN MANUFACTURER OF FLUID TRANSMISSION COMPONENTS SEEKING CANADIAN PARTNERS
--

The Italian Trade Commission is organizing a trade delegation of Italian machinery and equipment manufacturers to Toronto. Among these companies are [Elettrotec](#), an established manufacturer of high quality control devices for fluids and gases. [Diesse Rubber](#), a top producer of spiral and braided hoses as well as cleaner hoses.

Elettrotec's product range includes pressure, vacuum, level, electronic pressure and flow switches, level and electro-optic sensors and indicators, pressure transmitters and level monitoring systems.

Elettrotec's commitment to high performance and reliability is proven by its UNI EN ISO 9001:2000 quality standard certification, as well as other specific product certifications such as: RINA, Lloyd's Register, Germanischer Lloyd, ATEX EExd IIC T6 and ATEX EExia IIC T6, IMQ, CE

Diesse Rubber is one of the main European producers of textile, wire braided and spiral flexible rubber hoses for low, medium, high and very high working pressures, suitable for applications in earthmoving, agricultural, heavy industry, deforesting and other market sectors such as civil, naval and mining sectors.

Diesse Rubber has a **Total Quality system** in place since the 90's in fact DIESSE is ISO 9001 approved company.

The representatives of both Elettrotec and Diesse will be in **Toronto on May 11th and 12th, 2009**. Interested companies are invited to complete and return the attached questionnaire to James Johnson, Italian Trade Commission, Ph. 416-598-1566 Fax. 416-5981610 E-mail toronto.toronto@ice.it

A representative of our office will be calling you in the next few days to collect your comments on these companies and their products and to explore the possibility of arranging a meeting with their representatives. Your comments, on the marketability of Elettrotec and Diesse's products in Canada, either positive or negative, would be greatly appreciated.

Thank you for your kind attention.

Yours truly,

Per Paolo Ponti
