We look forward to seeing you there!

About our speaker:

We're all facing the challenges of these tough economic times-in both our business and personal lives. Sometimes it's difficult to see past the uncertain predictions to the light at the end of the tunnel. Our guest speaker will provide insight into what lies ahead and what roads you can take to avoid major pitfalls and come out on top.

In addition to being the President of Canada's largest and most influential manufacturers association, **Dr. Jayson Myers** is one of Canada's leading and most candid economists. For more information about Dr. Myers, visit our website at <http://www.centennialcollege.ca/alumni/breakfast>
