

**Canadian Fluid  
Power Association**  
**Association canadienne  
d'énergie des fluides**

**2019 CFPA ANNUAL GENERAL MEETING  
JUNE 12-15  
BANFF CENTRE FOR THE ARTS, BANFF, AB**

The CFPA AGM will be held at the Banff Centre for the Arts, right in the heart of Banff, AB. We have an excellent package rate of \$240, unheard of in Banff at this time of year.

The CFPA AGM revolves around the exceptional collection of keynotes from leaders in the fluid power and economic industries. Each Pillar of the Canadian Fluid Power Association is represented by an industry professional with insightful words on leadership, economics, industrial regulations, marketing and education, to name a few.

Market insight is a hot topic at the AGM, and as a leader in your industry, you want to know about microeconomic trends that affect your fluid power industry, as well as the macroeconomic conditions affecting Canada, North America and the rest of the world. We will have more than one keynote speaker addressing market insight relevant to our specific industry and beyond.

Networking is a key benefit of association membership and this is the perfect opportunity to form new relationships with senior leaders in the fluid power industry.
